Innovation, Revolutionary Insights, Expanding Points of View

Pluto enters Aquarius March 23, 2023 for a short time before returning to Capricorn and then returns to Aquarius in January of 2024 meaning the alchemy or transformation of the old structures is continuing on...for a few more years

Saturn re-entered Aquarius in 2020 and is in Aquarius until 2023 supporting the creation of revolutionary new structures that help birth a New Earth Reality

Jupiter entered Aquarius in December 2020 expanding our vision of what is possible and what actions bring that vision into a useful form.

Our opportunity is to cultivate Awareness and Caution of the transformational process is essential – staying present with it rather than detaching and going into Spiritual Bypass or becoming overly dependent on technology that disconnects us from the natural world.

Sirius Mysteries and When you Wish Upon A Star

Seeing Sirius in the Sky is a good time to practice star wishing.

The light codes from Sirius pouring down onto Earth in the Winter and Spring Months creates an infusion of Light pouring into the Earth's magnetic grid with super charged radiant divine energy.

This helps to inspire and awaken humanity to greater love and understanding aligned with our collective destiny - especially when we are open to receiving this infusion.

The Rainbow Goddess Journey as it Relates to story of Inanna or Ishtar as the Planet Venus

Venus spends nearly 9 months as morning star from June 10, 2020 to Feb 13, 2021 releasing all that is in the way of her authentic self with 8 visible Venus Moon conjunctions representing the 7 chakras of the body and an 8th Chakra (Earth Star Chakra) or a Shamanically inspired Death by Intent Gate on February 10

Venus spends Feb 13 to May 3, 2021 (about 85 days) traveling with the SUN in the Underworld or Cocoon - hidden by the light - under going an alchemical transformation into her butterfly self

Venus Spends nearly 9 months from May 3, 2021 to Jan 2, 2022 as an evening star reclaiming her authentic Playful Rainbow Goddess Self with 8 Venus Moon conjunctions representing the Chakras in the body and an 8th Soul Star Chakra rising up through the Gate of Ascension.

The cycle ends and begins again January 14, 2022

The Current Venus Initiatory Journey is About:

- Understanding the Importance of Healthy Creative Expression where everyone is equally valued for their unique contribution
- Learning more about the value of creative play
- Knowing self through fun and playful service to the divine
- Learning how to see the humor in the darkest most challenging places
- Releasing the pain of hierarchy, domination and power over
- Recognizing we can accomplish far more through creative play than seriously following human rules
