Kairos Time

Cyclical/Spiral Time

Seasons/Moon Phases

Kairos Time is THE MOST opportune or supreme sacred moment when eternity or Time out of Time occurs for an undetermined duration when something uniquely magical and special happens.

The Seasons of Time determine what actions to take and when... Time of Day also fits into this

When to Prepare the Ground

When to Plant and Nourish the Seeds

When to Harvest

When to Rest, Regenerate and Renew

When Our Timing is not Aligned...

We can do everything right to start a new venture or project

But it doesn't produce the expected results...

Like planting a garden in Winter

Sirius And the Dogs Days of Summer

Sirius is in the Constellation of the Greater Dog known as Canis Major

Each year Sirius is with the Sun for about 70 Days from about May 25 to mid-August depending on Latitude

The Egyptians viewed Sirius as the “giver of life” partly because when Sirius Rose as Morning Star the annual flooding of the Nile River began bringing the water of life to the Desert.

The 70-day Sirius underworld determined the length of time for the Ancient Egyptians funeral rites.

70 days after death burial occurred - symbolizing when the dead were *reborn* in the stars.

Sirius rises in the East before the Sun in August.

This book describes these cultures' relationship to Galactic Center including imagery of the Black Madonna and Isis representing the very womb of creation that gave birth to all the stars and planets in our galaxy.

Uranus

**Uranus in Taurus Revolutionizes
our experience of
The Garden of Earthly Delight
in the emerging Pleasure Paradigm.**

**Whatever is counter to the evolution
of Sacred Pleasure as an embodied
experience will go through a
disruption designed to expand our
perspective around the mysteries of
Intimacy, Receiving, and Beauty to
help us in our deepest experiences of
Pleasure.**

The Garden of Earthly Delights by Hieronymus Bosch

Pleasure is Medicine, Pleasure is Empowering

Pleasure is Sacred

Uranus disrupts the old unworkable ways and instigate new ways for us to:

- Value ourselves and Value all Life
- Engage in intimate connections with others
- Appreciate the Blessings of Beauty
- Genuinely Receive, Savor and Enjoy Pleasure
- Explore Pleasure as a Primary Teacher
- Extend Moments of Pleasure for as long as possible without pain

Resisting this disruption creates more pain. The old limiting ways are no longer useful and must be disrupted for true change to occur.

Sacred Pleasure is once again become our greatest teacher. It is our Destiny.

Old Earth

New Earth

This is showing Mars and Uranus together on July 31, 2022 at 18 Taurus 42

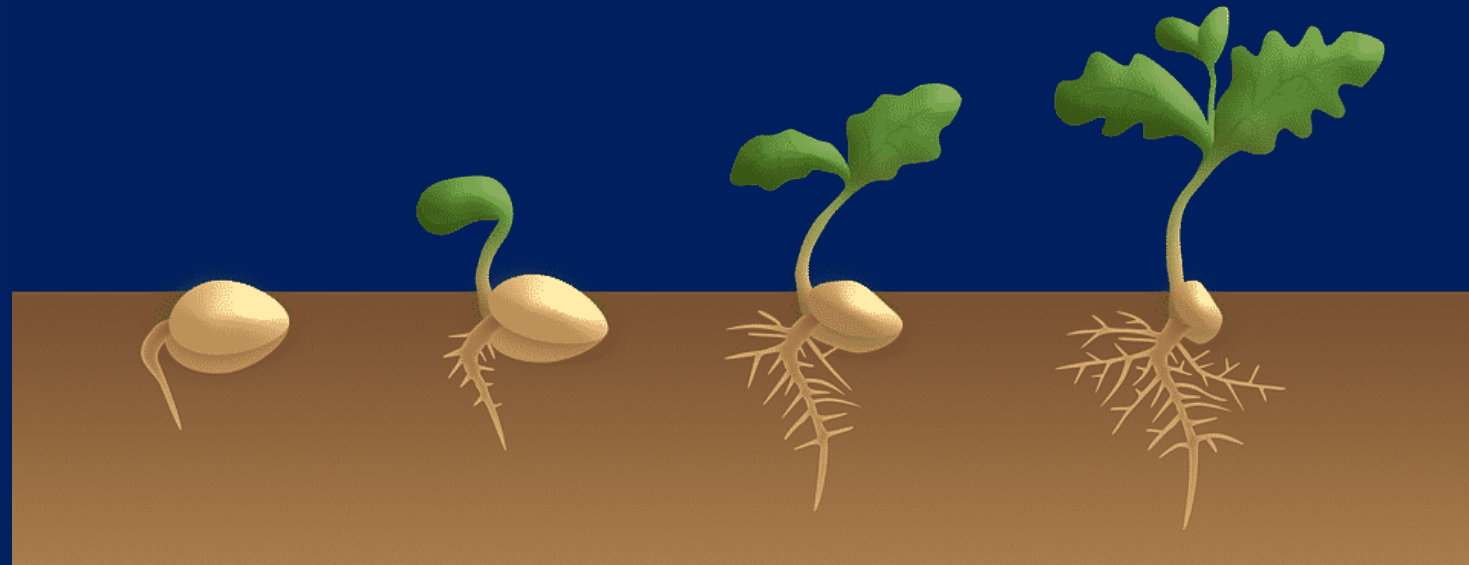

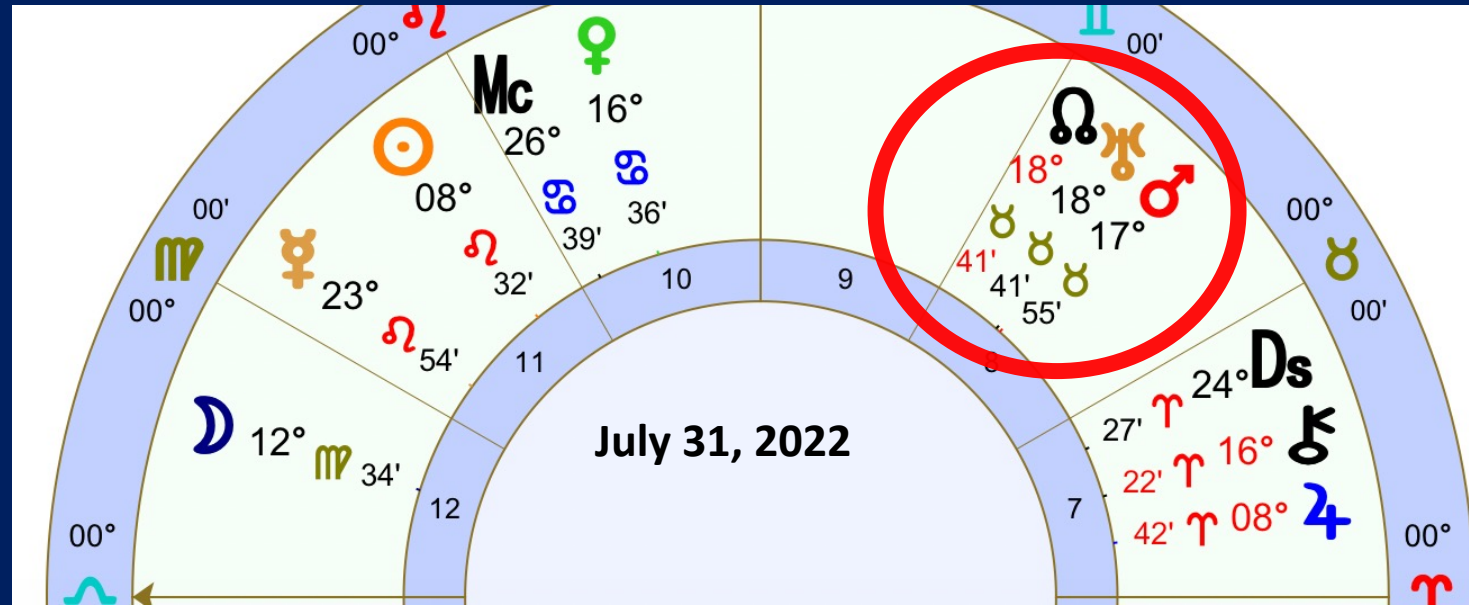

It will be nearly 168 years before Uranus and the North Node and Uranus meet again in Taurus on March 19, 2190

Uranus and Mars are nearly exactly conjunct above the Pleiades...

Uranus is conjunct the
North Node exact
July 31, 2022 (18 Taurus 41)

Mars is nearby and is exact
with this line up August 1.

As the Seeds of the New
Earth Begin to sprout...what
Vision are we tending
designed to bring forth a
new way of BEING?

Chiron is within 10 degrees of the North Node from July 23, 2023 to June 16, 2024

AND again Pluto is exactly square the Nodes on **July 22, 2023** (Magdalene Feast Day)

These alignments are reminding us it is time to let go of the past, open to and trust the evolutionary changes - while also connecting with the Cosmic Codes we all carry within - awakening to the Divine Love within and all around us - guiding us toward our divine destiny when we surrender, allow and forgive!

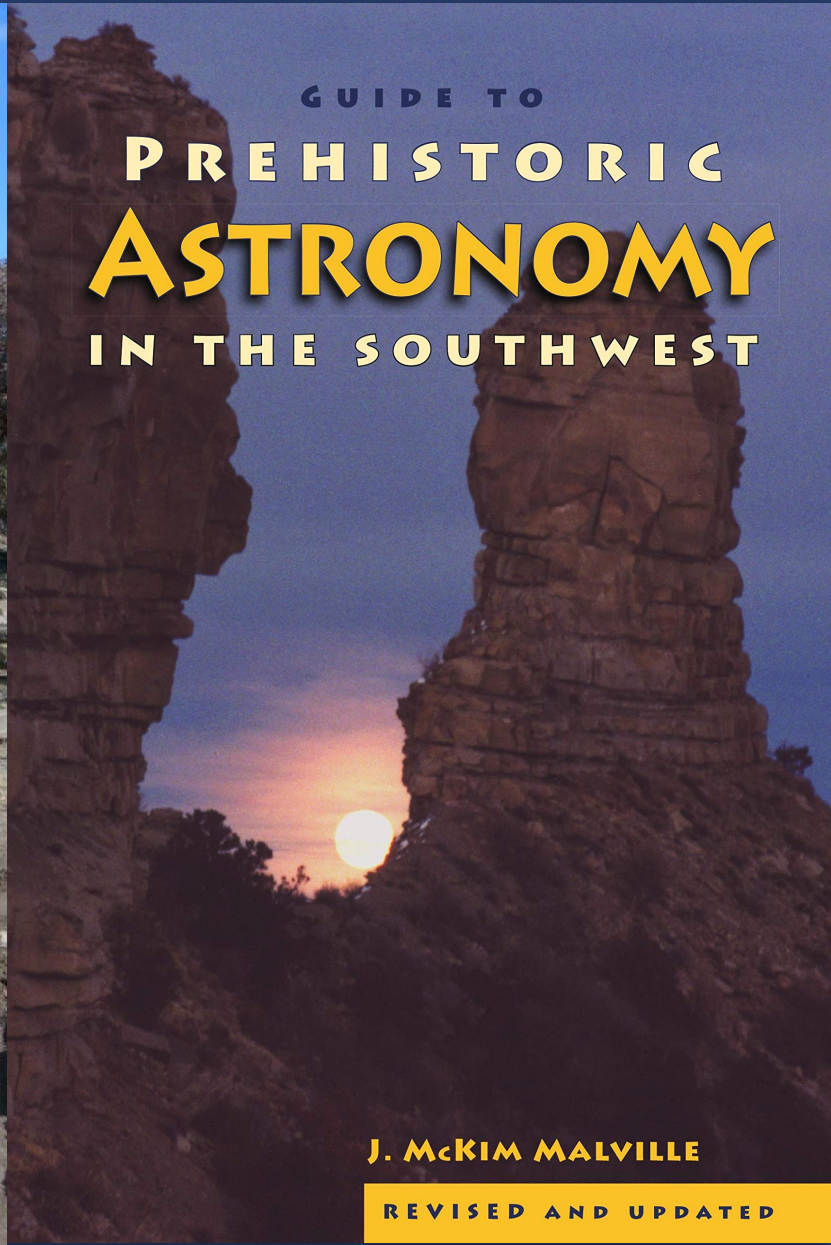

The Lunar Standstill Center Point in 2025 and again at the end of 2043
About every 19 years the Moon Reaches its Most Extreme
Maximum Declination beyond the Sun as shown above.
The main Window is about 2 years before to about 2 years after
the most extreme declination is about 28.5 degrees North or South!

**2025 is the next maximum point of the Lunar Standstill
Maximum happens again in 2044**
